

Nitrogen Generator **Genius 3055**

We have nothing to declare but our **Genius.**

Our new **Genius range** of Gas Generators is smoother, quieter, safer and more efficient than anything on the market. The **Genius range** offers superb technical performance in the lab and comes with our 'world class' after sales service as standard.

PEAK SCIENTIFIC. GO WITH THE FLOW.

Nitrogen Generator Genius 3055

Features & Benefits:

Quiet – Insulated compressor compartment for minimum disruption

Cool – minimal heat build-up in the lab

Approved – Tested and validated by Agilent Technologies

Intelligent – High duty service indicator

Mobile – Flexibility to position generator where required

Simple installation – generator designed as a plug and play system

Economical – More cost effective than any other gas supply method

Convenient – Gas on demand, no hazards, no need to worry about running out of gas

The Genius 3055 has been developed to provide Nitrogen gas and Dry Air supply to the Agilent MP-AES. We've built the Genius 3055 with internal air compressors as standard, this removes the reliance upon an in-house air supply.

Technical Specifications

	Plasma Support (Nitrogen)	Pop (Dry Air)
Max Flow Rate	25L/min (0.88 cfm)	36.5L/min (1.29 cfm)
Max Pressure	620 Kpa (90 psi)	
Purity	99.5%	ISO 8573-1:2010 1.4.3
Dew Point	- 50°C	- 20°C
Phthalates	None	
Suspended Liquids	None	
Start-Up Time For Purity	30 mins	
Operating Temperature	5°C - 35°C / 41°F - 95°F	
Electrical Requirements	230v 50/60 Hz 12A	
Power Consumption	2760 watts	
Heat Output	9418 BTU	
Generator Dimensions (cms/ins)	60 x 85 x 133 / 23.6 x 33.5 x 52.4	
Generator Weight	220 Kg (485 lbs)	
Noise Level	54 dB
